

AMP RESEARCH Bed X-Tender™

Nationally Distributed by Bestop

HAUL MORE. AMP Research Bed X-Tender™ instantly adds up to two feet of length to your truck bed. Made of 6063 T6 aluminum, this proven design is lightweight, yet tough enough to use as a bench. Whatever you load in your truck, keep it secure with an the original Bed X-Tender™, designed and manufactured in USA by AMP Research. **Learn more at amp-research.com**

EASY TO USE – Lower the tailgate and flip Bed X-Tender™ outward to gain an extra 2-feet of enclosed bed length – perfect anytime you need more capacity to haul extra cargo. Flip forward and close the tailgate to create an enclosed area to secure tools, supplies, camping gear or shopping bags. It's lightweight, easy to install or remove and strong enough to use as a bench.

Available in Black or Silver powder coat finish

Lightweight, super strong 6063 T6 aluminum alloy tubes

Rugged glass-reinforced nylon composite uprights

3-year limited warranty

Made in USA

NEW!

MOTOXTENDER® Designed specifically for compact, short bed pickups, this unique slant-back design provides extra length needed to secure motorcycles or ATVs along with your gas cans and riding gear.
